I think there may have been a miscommunication in the amendment I requested. We did not intend for the businesses to have to cover the cost of the co-pays. We wanted allow for the cost of insurance premiums to be shared by the employer and employee. Sorry if that was not clear.

If the interpretation from Commerce is correct, please draft an amendment to allow for premium cost-sharing.

Lisa,

A clarification questions for you... The new amendment states the requirement: To provide a health insurance plan that covers every employee of the business employed in this state and to cover the cost of all premiums and copayments that are required under the plan.

Is it your intention to make this requirement more difficult to meet? The requirement in the amendment is such that employers would provide 100 percent of the premium and other copayments.

Thanks, Chris

Chris:

We drafted 2 amendments in response to the testimony your staff provided on SB 460. The bill originally required businesses to cover insurance premiums in full, and amendment a1435 was drafted to allow for co-pays. The original bill also required non-complying businesses to repay all assistance, and amendment a1436 was drafted to make the penalty proportional to degree of non-compliance.

I would appreciate your thoughts on the amendments. Thank you.
